

6TH GRADE SUMMER READING 2022

Read *Behind Rebel Lines* by Seymour Reit

Read *The Ultimate Gift* by Jim Stovall.

Book Project Choices

After reading both books, choose **ONE** of the books and complete **ONE** of the following projects.

Make sure your project is labeled with your name, the book title and author.

Neatness and creativity count!

Journal Entries-Pretend you are one of the characters in the book. Journal entries should include the date, a summary of the day, and your feelings about what happened. An illustration for each entry should also be included. Ten (10) entries are required.

Collage-Create a collage to represent the book. Your collage should have at least 10 photos, illustrations, or 3D objects depicting the characters, setting, plot events, and symbols. Write a brief description of each item on the collage.

Timeline-Create an illustrated timeline showing major events from the book. Choose at least 8-10 important events from the story. Write a description of each event, (in sentence form) and draw and color an illustration or symbol (we focus a lot on symbolism in 6th grade) for each event. The events must be in the order in which they occurred. Please create this on a half-sheet of poster board.
